## W. D. JACKSON DEAD.

Passes Away at His Home at Stanton of Stomach and Heart Trouble—Interment at Winchester.

Mr. W. D. Jackson died at his home in Stanton last Friday after suffering for more than a year with stomach and heart trouble. The remains were interred in the cemetery at Winchester. Deceased leaves a wife, two children and a brother, Mr. Romulus Jackson, of Stanton, to mourn their loss. Mr. Jackson was a model citizen, a kind husband and father and was well liked by all who knew him. He bore his afflictions without a murmur, and was fully resigned to his fate, always trusting in Jesus.

He was born in Bath county, Ky., June 6, 1846. He entered the Confederate army when a boy and served four years, spending one year in Camp Chase. He studied law with Judge Holt at Mt. Sterling and began to practice his profession at Stanton in 1875.

At the time of his death he was chairman of the Powell County Democratic Committee.

## THE CABBAGE SNAKE.

Charges Made Against It are Entirely False.—No Cause for Alarm from his Snakehood.

Editor Clay City Times:

For some weeks there has been considerable excitement in portions of this county over the so-called "cabbag-snake," which is alleged to be poisonous and is said to cause severe illness and even death to persons who eat cabbage in which the "snake" chanced to be cooked. Startling reports have reached here from Powell and Montgomery counties and from portions of Tennessee of the harm done by this "snake," but after investigating these reports I find that they are entirely without foundation. No person has ever died from the effects of the poison, and so far as I can learn no one has been made sick. These reports are usually started by some excited person and taken up by the overcredulous and distributed free of charge to their hearers. Now the "cabbag-snake" is not a snake at all. I have one in my possession, and which is a little white worm about seven inches long and less than a millimeter in thickness. It belongs to the family of hair worms, and is probably *mernia albicans*. It is as harmless as an earth-worm, for worms are not known to possess any toxic properties whatever.

As a usual thing hair worms are parasitic, attacking such insects as the grasshopper, cricket, katydid, flies caterpillars of butterflies, moths, etc. The *mernia albicans* has been found in apples. It also attacks the honey bee. "This worm is found, strangely enough, only in the drones, though it is the workers which frequent watery places (where the worm deposits its eggs) to appease their thirst." Packard, Guide to the Study of Insects, page 127.

As these worms destroy many harmful insects, I am of the opinion that the "cabbag-snake" is very useful instead of harmful. Mr. L. O. Howard, the national entomologist, tells me that he has not the least idea that the worm is poisonous.

This is the worm that many people believe to be transformed horsehair. It is needless to say that horsehair or any other kind of hair never make snakes. The eggs of the "cabbag-snake" are deposited in watery places, and when hatched the young usually, or at least frequently, attach themselves to the bodies of insects, grow to maturity, seek some watery place and deposit their egg and thus complete the life cycle.

No one need have any fears whatever of the "snake" and no one should destroy cabbage or stop eating them because of rumors concerning them, which have not one iota of fact to sustain them. Jno. F. Smith, North Middletown, Ky. Kentucky Classical Business College.

Kindness is catching.

## CONTEST SETTLED.

County Democratic Committee Meets and Settles the Contest for County Offices in Recent Primary.

The Powell County Democratic Committee met at Stanton Monday to settle the contests in the recent Democratic primary.

The death of W. D. Jackson made it necessary to elect a chairman. M. R. Lyle was elected chairman pro tem and R. Jackson secretary.

By a vote of 4 to 3 it was decided to let the election stand just as it is. It was also ordered that the contestants be given the right to appeal the decision.

## THE SUNDAY SCHOOL CONVENTION

The Sunday-school convention held at the Methodist church Wednesday was well attended and highly enjoyed by all. The opening exercises began at 10:30 a. m. and was followed by a helpful talk by Prof. E. A. Fox. Everybody was delighted with his address, from which they received many helpful suggestions, which will help them in their own Sunday-schools. Prof. C. W. Campbell, his co-teachers and the entire city school attended the convention in the afternoon, and the little folks, as well as the grown ones, were highly pleased. The day exercises closed to be followed at night by stereopticon views illustrating a trip to the Holy Land, which was accompanied by a lecture by Mr. Fox.

## HAGGARD-MIZE.

Mr. Asa J. Haggard and Miss Katherine Louise Mize, both of Winchester, were married in Cincinnati Monday, the 7th.

The bride formerly lived near here and is the youngest daughter of Mr. and Mrs. Isaac Mize, and is a handsome and popular young lady. She has many friends here who extend congratulations. The groom has been with the Sun-Sentinel for several years and is a popular and worthy young gentleman. They will make their future home in the Queen City.

## Pastor Called.

Rev. J. I. Wills was here Friday on his way to preach at Macedonia Baptist church. He has been called as pastor by this church, but has not as yet accepted the call. There is talk of his being employed by the Board of the Boone's Creek Association to take charge of the work at that point, Filson and other places under the jurisdiction of the Board. If he does he will probably move to this city or Mt. Sterling so as to be closer to his field of labor.—Winchester Democrat.

Rev. Wills formerly lived in Powell county and is well known to many of our people.

Eld. B. F. Wright, of this  
place, received a telegram from  
Butler, Mo., Thursday, announc-  
ing the death of his little grand-  
son, Omer Wright, son of T. J.  
Wright, who recently moved from  
the farm where Wm. Ware now  
lives.

### The Cause of Drought.

There is no question but that  
the repeated drouths in this sec-  
tion is due largely to the destruc-  
tion of forest trees, which of late  
years has gone remorselessly on.  
In course of time the wise farmer  
will open his eyes to the necessity  
of planting trees to supply the  
need of those that have been cut  
away.

### Arrested for Working on Sunday.

Twenty-eight persons were ar-  
rested at Lexington Sunday for

### Struck Gas Near Paris.

While drilling for water on the  
farm of William Meter, seven  
miles this side of Paris, the drill  
went through twenty feet of lime-  
stone and struck a body of gas,  
which blew out the drill. A ne-  
gro man struck a match and was  
nearly burned to death before he  
could get away. The fire was  
still burning after many hours of  
effort to extinguish it.

Some one said Texas went for  
Parker.

Who is it that will not agree  
with us when we said last spring  
that W. R. Hearst was the man?

The Democrats buy papers now  
to read about the Russo-Japanese  
war; politics are no longer of  
interest.

John G. Carlisle said in Lexing-  
ton the other day that Wm. J.  
Bryan was an honest but a mis-  
taken man. Bryan may occa-  
sionally be mistaken, but he  
always supports the Democratic  
nominees.

Alton B. Parker has sent two  
notable telegrams in the past six  
months. The first was: "If you  
expect me to accept the Demo-  
cratic nomination for President,  
put a gold plank in the platform."  
The next telegram was to Roose-  
velt, congratulating him on his  
election. In our judgment the  
first presaged the latter.

The result of last Tuesday's  
election puts one to reflecting.  
We remember that just thirty  
days prior to the general  
election the Democrats of Powell  
county held a primary and there  
was a cry from every voting  
place in the county ex-  
cept one that there were not  
enough ballots. We wonder what  
has become of the large Demo-  
cratic vote of that date. They  
certainly could not be found on  
the day of the general election.  
Take Clay City, for instance.  
There were 222 votes in the pri-  
mary and several did not get to  
vote, while on November 8 there  
were 186 Democrats in the pre-  
cinct.

**WANTED**—Carpenters and la-  
borers for work on government con-  
tract at lock no. 11, Kentucky  
River. Pay 15 cents per hour for  
good laborers, and 20 to 25 cents  
per hour for carpenters. Excel-  
lent opportunity for good men to se-  
cure good positions. Apply in-  
person to H. E. Talbott & Co., at  
the work, near College Hill, Mad-  
ison County. 41-6wks.

### Statue Rejected.

The Goebel statue, executed  
by the famous New York sculptor,  
Signor Moretti, which has been  
on exhibition at the studio of  
Wm. Adams & Son, at Lexing-  
ton, was rejected Thursday by a  
vote of the Goebel Monument  
Commission. It is said it was re-  
jected because Arthur Goebel  
did not like it. It means a loss  
of \$2,000 to Moretti.

Blessings often come disguised,  
but you can tell trouble a mile off.

Some men get so used to look-  
ing for work that a mere needle  
in a hay stack would be a cinch.

### ESTILL COUNTY ITEMS.

[From the Herald.]

Miss Dorsie Stockton, of Kim-  
brell, was the guest of Miss Bet-  
tie White last Saturday.

Frank Camden, charged with  
housebreaking, escaped from jail  
last night by digging through the  
wall.

On last Saturday night Will-  
iam Richardson, aged seventy-one  
years, was killed by falling or  
being thrown by a train from the  
railroad bridge below Irvine. It  
will perhaps never be known how  
the fatal accident occurred, but  
a freight train passed over the  
bridge shortly before the body was  
found, and whether this caused  
the fall or whether he fell acci-  
dentally is not known. Mr.  
Chares Rhodes found the lifeless  
body under the bridge about 9  
at night, where it had fallen over  
fifty feet. Mr. Richardson was  
never married. He was a kind,  
generous-hearted man, ever ready  
to assist his fellow man, and had  
many friends who deeply deplore  
his death.

## Suffering

**Will Not Help Your  
Disease, but Will  
Weaken Your  
Nerves.**

Folks who think it is better to bear  
pain than soothe it—are wrong.

Old-fashioned doctors used to say it  
was better, because they had nothing  
with which to ease pain but dangerous,  
heart-paralyzing drugs.

But now, that a safe remedy has  
been found, Dr. Miles' Anti-Pain Pills.  
It is wrong to suffer, for nothing can be  
gained but weakened nerves.

A safe rule to remember is: When  
in pain, take an Anti-Pain Pill.

This will soothe your quivering nerves.  
Dr. Miles' Anti-Pain Pills relieve pain  
by restoring the natural secretions, in  
which they differ from opium and sim-  
ilar narcotic drugs, which relieve pain  
by checking the action of the glands.

They are sure and harmless, and are  
the latest medical treatment for the  
cure of Headache, Neuralgia, Backache,  
Rheumatism, Dizziness, Toothache,  
Stomachache, Menstrual (Monthly)  
Pains. Also nerve irritations like Sea-  
sickness, Car-Sickness, Sleeplessness,  
Indigestion, etc.

Pleasant to take, quick in results.

"I have used Dr. Miles' Anti-Pain  
Pills for sick, nervous headache, and  
have received the best results. I heart-  
ily recommend their curative prop-  
erties, for they are successful."—REV.

Work will be pushed from now until the bridge is completed.

### ON THE INCREASE.

World's Fair Travel  
Getting Heavier.

While the volume of travel to St. Louis on account of the World's Fair has not quite come up to the expectations of the World's Fair management, or the railroad's it has been as large as was expected, all things considered.

The banner month, so far as attendance is concerned, will be September, October and November, and during these three months the admission will undoubtedly equal, if not surpass, the entire number registered up to August 31st inclusive.

It is certainly a big, grand show and one that no person with the means should miss. It is the opportunity of a life time in an educational way and one that will be taken advantage of by the great majority of the people of America before its close. It is an attraction that all Americans are proud of, and justly so.

On account of its unexcelled train service, both as regards equipment and accommodations, the Louisville, Henderson & St. Louis Railway, better known as the Henderson Route, has carried the majority of Kentuckians to St. Louis and have beyond a doubt been a more instrumental in contributing to the success of the Fair than any other railroad in this territory.

The Henderson Route is justly entitled to all the praise that is being showered on them, as their train service is unquestionably the finest operated in or out of Kentucky, and their schedule of trains is more nearly maintained than on the majority of roads.

For comfort in travel and for the best accommodations safest train schedules there's but one thing to at all times keep in mind—get the Henderson Route habit—and request this routing in purchasing your tickets.

**BLACK-DRAUGHT STOCK & POULTRY MEDICINE**

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in coarser form than Theford's Black-Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of invigorating digestion, stirring up the torpid liver and loosening the constipated bowels for all stock and poultry. It is carefully prepared and its action is so healthful that stock grow and thrive with an occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and roup and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the food consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial.

It costs 25c. a can and saves ten times its price in profit.

PITTSBURG, KAN., March 25, 1904.

I have been using your Black-Draught Stock and Poultry Medicine on my stock for some time. I have used all kinds of stock food but I have found that yours is the best for my purpose.
